Short company profile

The Children's Place, Inc. is the largest pure-play children's specialty retailer in North America. The company designs, contracts to manufacture, and sells apparel, accessories, and footwear at value prices. It operates an omni-channel network that includes about 495 stores in North America, digital storefronts, and wholesale marketplaces. Key proprietary brands include The Children's Place, Gymboree, Sugar & Jade, and PJ Place. The company also has 190 international distribution points in 13 countries through franchise partners. In Fiscal 2024, Mithaq Capital SPC acquired a controlling stake of over 50% in the company, making The Children's Place a "controlled company".

Change in company type

During Fiscal 2024, Mithaq Capital SPC acquired more than 50% of the company's outstanding common stock, becoming a controlling shareholder. As a result, The Children's Place, Inc. is now a "controlled company" under Nasdaq listing rules and has chosen to rely on the related exemption, which allows it to forgo requirements for a majority-independent board and fully independent compensation and governance committees.

Company operations summary

The company's business is divided into two geographic segments: The Children's Place U.S. and The Children's Place International. The U.S. segment includes stores in the US and Puerto Rico and the domestic wholesale business, while the International segment covers Canadian stores and international franchise revenue. The company does not own any manufacturing facilities, instead contracting with independent vendors primarily in Asia (Bangladesh, Vietnam, India) and Africa. It owns a 700,000-square-foot distribution center in Alabama and utilizes third-party providers for e-commerce fulfillment in Indiana and Canada, and for its international franchise business. As of February 1, 2025, the company had approximately 7,900 employees.

Geographic reach

The company operates 495 stores across the United States (431), Canada (58), and Puerto Rico (6). It also has 190 international points of distribution in 13 countries through franchise partners. For fiscal 2024, The Children's Place U.S. segment generated $1.27 billion in net sales, while The Children's Place International segment accounted for $119.8 million, indicating that the vast majority of its business is concentrated in the US.

Sales and marketing summary

The Children's Place employs an omni-channel sales strategy, utilizing its physical stores, e-commerce sites (childrensplace.com and gymboree.com), and wholesale channels, including a key relationship with Amazon and a new partnership with SHEIN. A significant portion of its sales, approximately 85% in Fiscal 2024, is driven by its MyPLACE Rewards loyalty program and private label credit card members. The company has also partnered with Afterpay to offer a "buy-now-pay-later" option. In Fiscal 2024, the company strategically reduced previously inflated and unprofitable marketing costs.

Financial performance summary

The company's financial performance has been challenged, with revenues declining for the past two fiscal years, from $1.71 billion in fiscal 2022 to $1.60 billion in 2023 and $1.39 billion in 2024. The company has reported net losses in each of the last three years, with a significant loss of $154.5 million in fiscal 2023, which improved to a loss of $57.8 million in fiscal 2024. In fiscal 2024, net sales decreased 13.5% to $1.39 billion from $1.60 billion in the prior year. The decline was primarily a strategic decision to sacrifice unprofitable sales by rationalizing promotions, reducing marketing spend, and changing "free shipping" offers. A lower store count and reduced brick-and-mortar sales volume also contributed, partially offset by higher wholesale revenue. Despite lower sales, the net loss narrowed to $57.8 million in fiscal 2024 from $154.5 million in fiscal 2023. This improvement was driven by a 530 basis point increase in gross margin to 33.1%, resulting from lower product input and supply chain costs, reduced promotional activity, and optimized freight rates. Selling, general, and administrative expenses also decreased by $41.7 million due to significant cuts in marketing spend. As of February 1, 2025, the company had $5.3 million in cash and cash equivalents. Cash used in operating activities was $117.6 million, a significant shift from $92.8 million provided by operations in the prior year, mainly due to paying down past-due vendors and an increase in inventory. Investing activities used $15.8 million for capital expenditures. Financing activities provided $128.4 million, primarily from net borrowings under its credit facilities and new term loans from its controlling shareholder, Mithaq.

LEADERSHIP CONCERNS

- The company has an Executive Chair and a separate CEO.

©2026 MSCI INC. ALL RIGHTS RESERVED.

BOARD OF DIRECTORS

The THE CHILDREN'S PLACE board lacks an independent majority. We note that a minority, only 5% of companies in this home market fail to have a majority of independent directors. In the absence of a majority of independent directors, the board is subject to potential conflicts of interest that impede its oversight functions and it may be difficult to establish fully independent key board committees. Of additional concern is the presence of multiple company executives on the board beyond the CEO, characteristic of 5% of companies in this market. Multiple inside directors may provide increase management's influence within the boardroom. We also note concerns with the board leadership structure which creates the potential for increased management influence and board level conflicts of interest.

BOARD SKILLS & DIVERSITY

We have flagged the THE CHILDREN'S PLACE board for gender diversity concerns.

Combined with the board's lack of an independent majority as well as an independent chair, these features suggest a board composition that may impair the board's ability to act as a counterbalance to management.

AUDIT OVERSIGHT

Audit Committee - Number Of Meetings: 7

The THE CHILDREN'S PLACE board of directors includes a fully independent audit committee and at least one member of that committee meets our standards for financial expertise.

PAY

Executive pay practices of the THE CHILDREN'S PLACE board appear to be generally well aligned with sustainable shareholder interests. Areas of particular concern include early vesting provisions in share based awards which offer a poor alignment with shareholder interests.

THE CHILDREN'S PLACE is a controlled company, where a single shareholder or shareholder block holds 30% or more of the voting shares or has effective control of the board. The controlling shareholder controls 62.2% of the voting power. Combined with the lack of an independent board majority, the interests of minority shareholders may be subordinated to those of the dominant shareholder. The company does not have a special capital structure, thus one vote right is afforded per common share. This principle of 'one share one vote' helps align economic and voting power and ensures that no class of shareholders has more voting power than economic exposure.

2025 DEF 14A p.3,39

Declassified Board, with annual elections for all Directors.

Each of the nominees for Director who receives at least a majority of the votes cast at the Annual Meeting, either in person or by proxy, will be elected. Votes cast include votes for or against each nominee and exclude abstentions and withheld authority. This means that if you abstain from voting or withhold authority to vote for a particular nominee, your vote will not count for or against the nominee. Any nominee in this election who does not receive a majority of the votes cast must promptly offer to tender his or her resignation to the Board.

DELAWARE

CURRENCY: UNITED STATES DOLLAR (USD)

In the United States, most governance principles are governed by state laws that are not uniform or nationally enforced. However, the majority of states have adopted the Model Business Corporation Act (MBCA) as the basis of their own laws by modifying some of the provisions of the MBCA. The MBCA is a body of laws designed to regulate corporate affairs uniformly across different states. It is the basis for business corporation statutes in 32 states and the District of Columbia and is the source of many provisions in the general corporation statutes of other states. Further, the Securities and Exchange Commission (SEC) regulates certain governance related matters on a federal level.

The majority of large U.S. businesses are listed on either the New York Stock Exchange (NYSE) or the Nasdaq Stock Market (Nasdaq), and therefore are subject to their listing rules. The U.S. has not adopted a national corporate governance code.

Delaware's corporate governance is defined by the General Corporation Law of the State of Delaware (DGCL), with annual updates and revisions by the Delaware legislature based on the recommendations of the Council of the Corporation Law Section of the Delaware State Bar Association. Judicial decisions by the state's Court of Chancery also set governance practice, with appeals heard at the Delaware Supreme Court.

Companies adopt a unitary board structure in the U.S. The NYSE and Nasdaq listing rules require the majority of directors to be independent. The SEC rules require public companies to disclose and explain their chair-CEO structure and whether one or two people hold the roles. If the roles are combined, the company must further disclose whether it has a lead independent director and specify their role within the company leadership.

Unless stated otherwise in the articles of association, directors may appoint inspectors in advance of any shareholder meeting to determine the number of shares outstanding, voting rights, shares represented at the meeting, existence of a quorum, authenticity and validity of proxies, and take all other actions with regards to the annual shareholders' meeting.

Related party transactions (RPTs) are valid if the transaction was conducted on reasonable and fair terms when it was approved, and the RPT is approved in good faith by the majority of independent directors. If the number of independent directors is less than a quorum, then it must be approved by shareholders.

The board of directors may fix director and officer pay, although most companies delegate the responsibility for defining executive pay to independent directors, usually upon the recommendation of the pay or nominating/governance committee. Officers are executive directors that are responsible for the daily management of the company.

The Dodd-Frank Act requires listed companies to hold an advisory vote every three years on "say on pay" policies, as well as disclose additional information regarding "golden parachute" arrangements linked to merger transactions.

Listed companies must annually disclose the pay of directors and officers, including stock and option awards. Disclosure must be made in a tabular format, along with a descriptive summary of the information in the table. Companies listed on Nasdaq must also disclose pay arrangements between directors or nominees and third parties.

The U.S. market is known for having widely dispersed ownership, but founder-led companies are common. There are multiple share classes with unequal voting rights and voting right limits.

©2026 MSCI INC. ALL RIGHTS RESERVED.

Shareholders with at least 10% voting rights can request to convene a general meeting.

A notice of the meeting, specifying the date, time, place and purpose must be given no less than seven days and no more than 60 days in advance. Special meeting of shareholders may be convened by shareholders owning at least 10% of shares. Typically, each share is entitled to one vote and fractional shares are entitled to proportionate votes. Shareholders do not have preemptive rights unless specifically provided in the bylaws or articles. Dissenting shareholders are entitled to appraisal rights.

Unless otherwise stipulated in the articles, a corporation is not obligated to offer shareholders any shares, option rights or securities when issuing them.

There are no mandatory takeover bid provisions in the U.S.

In 2018, the Delaware enacted a Certification of Adoption of Transparency and Sustainability Standards Act which is a voluntary act broadly enabling entities registered in Delaware to craft a sustainability regime. The Act is primarily a disclosure regime which requires entities to disclose and provide reports regarding their standards and metrics. There are many provisions in the Federal Sarbanes-Oxley Act that govern the audit process. A public company's annual financial statements must be audited by a registered independent auditing firm. Listed companies prepare two annual reports, one for SEC (Form 10-K) and one for their shareholders. The reports to stockholders, as required by SEC, must contain certified financial statements of two-year audited balance sheets, and three-year audited statement of income and cash flows. Directors and officers of the corporation must also be identified. Interim financial statements are not audited, only reviewed by the company's auditors. If an auditor has not reviewed the interim report, it must be accompanied with a notice specifying that the report has not been reviewed by an auditor. Audit firm rotation is not required but lead audit partners are subject to rotation every five years.

NONE OF THE INFORMATION PROVIDERS MAKES ANY EXPRESS OR IMPLIED WARRANTIES OR REPRESENTATIONS WITH RESPECT TO THE INFORMATION (OR THE RESULTS TO BE OBTAINED BY THE USE THEREOF), AND TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW, EACH INFORMATION PROVIDER EXPRESSLY DISCLAIMS ALL IMPLIED WARRANTIES (INCLUDING ANY IMPLIED WARRANTIES OF ORIGINALITY, ACCURACY, TIMELINESS, SUITABILITY, NON-INFRINGEMENT, COMPLETENESS, MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE) WITH RESPECT TO ANY OF THE INFORMATION. Without limiting any of the foregoing and to the maximum extent permitted by applicable law, in no event shall MSCI or any other Information Provider have any liability arising out of or relating to any of the Information, including for any direct, indirect, special, punitive, consequential (including lost profits) or any other damages, even if notified of the possibility of such damages. The foregoing shall not exclude or limit any liability that may not by applicable law be excluded or limited.
- The Information, including index construction, ratings, historical data, or analysis, is not a prediction or guarantee of future performance, and must not be relied upon as such. Past performance is not indicative of future results. The Information may contain back tested data. Back-tested performance based on back-tested data is not actual performance but is hypothetical. There are frequently material differences between back tested performance results and actual results subsequently achieved by any investment strategy. The Information may include "Signals," defined as quantitative attributes or the product of methods or formulas that describe or are derived from calculations using historical data. Signals are inherently backward-looking because of their use of historical data, and they are inherently inaccurate, not intended to predict the future and must not be relied upon as such. The relevance, correlations and accuracy of Signals frequently change materially over time.
- The Information may include data relating to indicative prices, evaluated pricing or other information based on estimates or evaluations (collectively, "Evaluations") that are not current and do not reflect real-time traded prices. No evaluation method, including those used by the Information Providers, may consistently generate evaluations or estimates that correspond to actual "traded" prices of any relevant securities or other assets. Evaluations are subject to change at any time without notice and without any duty to update or inform you, may not reflect prices at which actual transactions or collateral calls may occur or have occurred. The market price of securities, financial instruments, and other assets can be determined only if and when executed in the market. There may be no, or may not have been any, secondary trading market for the relevant securities, financial instruments or other assets. Private capital, equity, credit and other assets and their prices may be assessed infrequently, may not be priced on a secondary market, and shall not be relied upon as an explicit or implicit valuation of a particular instrument. Any reliance on fair value estimates and non-market inputs introduces potential biases and subjectivity. Internal Rate of Return metrics are not fully representative without full disclosure of fund cash flows, assumptions, and time horizons.
- The Information does not constitute, and must not be relied upon as, investment advice, credit ratings, or proxy advisory or voting services. None of the Information Providers, their products or services, are fiduciaries or make any recommendation, endorsement, or approval of any investment decision or asset allocation. Likewise, the Information does not represent an offer to sell, a solicitation to buy, or an endorsement of any security, financial product, instrument, investment vehicle, or trading strategy, whether or not linked to or in any way based on any MSCI index, rating, subcomponent, or other Information (collectively, "Linked Investments").The Information should not be relied on and is not a substitute for the skill, judgment and experience of any user when making investment and other business decisions. MSCI is not responsible for any user's compliance with applicable laws and regulations. All Information is impersonal, not tailored to the needs of any person, entity or group of persons, not objectively verifiable in every respect, and may not be based on information that is important to any user.
- It is not possible to invest in an index. Exposure to an asset class or trading strategy or other category represented by an index is only available through third party investable instruments (if any) based on that index. MSCI makes no assurance that any Linked Investments will accurately track index performance or provide positive investment returns. Index returns do not represent results of actual trading of investible assets/securities. MSCI maintains and calculates indexes but does not manage assets. The calculation of indexes and index returns may deviate from the stated methodology. Index returns do not reflect payment of any sales charges or fees an investor may pay to purchase securities underlying the index or Linked Investments. The imposition of these fees and charges would cause the performance of a Linked Investment to be different than the MSCI index performance.

INVESTOR ALERT: Pomerantz Law Firm Investigates Claims On Behalf of Investors of The Children's Place, Inc. - PLCE
10/15/2026

NEW YORK, Oct. 15, 2026 /PRNewswire/ -- Pomerantz LLP is investigating claims on behalf of investors of The Children's Place, Inc. ("The Children's Place" or the "Company") (NASDAQ: PLCE). Such investors are advised to contact Danielle Peyton at newaction@pomlaw.com or 646-581-9980, ext. 7980.

The investigation concerns whether The Children's Place and certain of its officers and/or directors have engaged in securities fraud or other unlawful business practices. [Click here for information about joining the class action]

On September 14, 2026, The Children's Place announced its Q2 fiscal 2026 financial results, reporting an 18.9% year-over-year decline in net sales to $241.8 million, missing consensus estimates. The Company also posted an adjusted net loss of $0.82 per share, wider than the analyst estimate of a $0.62 loss per share, while GAAP net losses expanded to $31 million. Management attributed the results to a clearance-heavy product mix and extended timelines regarding its e-commerce infrastructure migration to Salesforce.

On this news, the Company's stock price fell $0.57 per share, or 23.8%, to close at $1.90 per share on September 15, 2026.

Pomerantz LLP, with offices in New York, Chicago, Los Angeles, London, Paris, and Tel Aviv, is acknowledged as one of the premier firms in the areas of corporate, securities, and antitrust class litigation. Founded by the late Abraham L. Pomerantz, known as the dean of the class action bar, Pomerantz pioneered the field of securities class actions. Today, more than 85 years later, Pomerantz continues in the tradition he established, fighting for the rights of the victims of securities fraud, breaches of fiduciary duty, and corporate misconduct. The Firm has recovered numerous multimillion-dollar damages awards on behalf of class members. See www.pomlaw.com.
